Title	Deputy Director
Establishment	Eduki Foundation 
Establishment Profile	The Eduki Foundation aims to promote education and awareness among young people about the work of international organizations and international cooperation in Geneva. Thus, we enable young people to participate in political or civil society processes related to international relations and to acquire tools for reflection on global challenges. Eduki is supported by the Federal Department of Foreign Affairs (FDFA), the Geneva Department of Public Education, Culture and Sport (DIP), the Fondation pour Genève.
Biography	Following my graduation with a Master in International studies from the Graduate Institute in 2005, I completed two volunteer missions abroad (Poland and South Africa). In 2006 I moved to Madrid, Spain, to complete a Masters in Intercultural Education at the Universidad de Complutense and worked as a consultant in several non-profit organizations until 2011. I returned to Geneva that year to work in the NGO sector. It was in 2012 that I joined the Eduki team to help further develop its activities, which allow young people to discover and learn about all the different actors working in what is commonly called "International Geneva".
Presentation content	The presentation will start with a brief introduction of the Eduki Foundation and then will focus more specifically on the 2017/2018 Eduki competition "Why school? Towards quality education for all". This national competition for schools invites participants to reflect on the role of education towards achieving the United Nations 2030 Agenda and its 17 Sustainable Development Goals (SDGs). Under the high patronage of the Director-General of the United Nations Office in Geneva, the awards ceremony will take place at the <i>Palais des Nations</i> in Geneva April 20, 2018.
